Don't forget your fasteners and screws!

Finishing your deck using **Hidden Deck Fasteners** means that all you'll see is a clean and unmarked deck surface. They're easily installed, and you'll never catch a chair (or a toe!) on an exposed nail or screw.

For everything else, we offer colour-matched screws to keep your deck boards in place and perfectly secure.

Let our Pros know which deck board you're using, and we'll make sure you get the fasteners and screws that are right for your project.

deliver

At TimberTown, pro-level service is our top priority, and we do it without you needing to pay higher prices - in fact, ours are often lower than the big box stores. How? By specializing in products we're best at: floors, decks and interior doors, as well as mouldings and select lumber for any kind of project. We also have seasoned pro-level staff to support you through your project, so you can get all the right supplies you need, quickly and easily.

We're proudly Alberta-owned and locally operated since 1981. Our owners actually work right in the stores, too!
